Who God Is- God's Attributes- Righteousness and Justice

Lesson #4

God's Attributes

An "attribute" is a quality or characteristic that is true of someone. Studying the attributes of God allows us to have a better understanding of God's Person. An attribute of God is whatever God has in any way revealed as being true of Himself. Even though some concepts exceed the limits of our comprehension, our ideas concerning God need to be as true as possible.

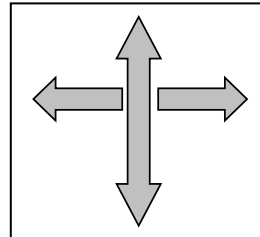

God's Attributes Defined

First: Look up the Scripture listed with the following attributes, then write down the part of the verse that best describes the given attribute.

Second: Based upon your understanding of each attribute, write out how that personally applies to you.

Righteousness and Justice

Righteousness and *Justice* are derived from the same root word in the original language of the New Testament. The meaning is that of being "right" or "just" and having "right standing and right relationships" with God and with people. The symbol of the Cross of Christ describes righteousness- a vertical direction (between a person and God) *and* a horizontal direction (between a person and all other people).

1. According to Psalm 89:14, righteousness and justice are referred to as:
2. According to Psalm 119:137, God's righteousness is displayed in His upright:
3. According to Romans 14:10-13, who is the ultimate judge and how should this influence our judging of others?

Personal Application:

The last time checked I weighed 220 pounds. That's heavy, but is it fat? Some people say that they are just short for their weight. I am blessed to be tall, so I am pretty healthy, but let's be real-heavy is heavy. You are not going to pick me up and throw me like a football. I'm big enough that, if I don't want to move, I'm not moving.

God is heavy as well; however His weight is measured by His GLORY. The glory of God is the most substantial thing you will ever come in contact with.
