

Understanding of a Family Reunion

I was thinking today about how amazing “family” is. Only God could have come up with the idea of family. Throughout both the Old and New Testaments of the Bible, the Lord is adding all types of people to His family. He has the Jewish nation, then adds Ruth from Moab. Jesus calls Jewish disciples and also spends time with the Roman Centurion and the Samaritan woman at the well. God also subtracts, but that is a subject for another day. Only God could have come up with this amazing thing called family. Actually, the great plan of the ages...sharing the Good News of Redemption, covering Genesis through Revelation and encompassing all people, can be summed up in one word- “family.”

So, this leads me to praise God for YOU. I thank the Lord that somehow, somehow, He connected our lives together. It is so fulfilling, edifying, caring, and special.

I appreciate you. Thanks for being family.

“God setteth the solitary in families.” Psalm 68:6
